

BOOST_AUTO_TEST_CASE

main

LidDrivenCavity::Integrate

```
graph LR; A[BOOST_AUTO_TEST_CASE] --> C[LidDrivenCavity::Integrate]; B[main] --> C;
```

The diagram illustrates a call graph where two functions, BOOST_AUTO_TEST_CASE and main, both call the LidDrivenCavity::Integrate function. BOOST_AUTO_TEST_CASE is positioned at the top left, and main is positioned below it. Both have arrows pointing to the LidDrivenCavity::Integrate function, which is on the right and has a gray background.
